

Galeno Program

Become a Physician at UNIBE Costa Rica

UNIBE
UNIVERSIDAD DE IBEROAMERICA

HISPANIC ASSOCIATION OF
COLLEGES AND UNIVERSITIES

The Hispanic Association of Colleges and Universities (HACU) has partnered with Universidad de Iberoamerica Costa Rica to offer a medical education pathway for aspiring physicians.

The nation faces a growing physician shortage and a critical need for greater representation of underserved communities in medicine. The Galeno Program opens doors to medical careers and expands access to high-quality education for the next generation of healthcare leaders.

Galeno Program Benefits

UNIBE Costa Rica offers an innovative, world-class Doctorate of Medicine and Surgery to train well-rounded, bicultural physicians. The program provides a state-of-the-art medical education with immersive clinical training, where students receive the knowledge, skills, and international experience needed to excel in medicine and patient care worldwide.

- No MCAT Required – Start medical school without the stress of entrance exams.
- No Premed Required* – Save time and money by entering directly into medical school.
- Comprehensive Program – Earn your degree in just 5 years and 4 months.
- Day One Hands-on Training – Immediate real-world clinical experience.
- Bilingual Curriculum – Practice in both English and Spanish.
- Global Clinical Rotations – Opportunities in the U.S., Europe, Central & South America.
- Student Support Services – Personalized guidance throughout the program.

*Credit granted for applicable Pre-Med Courses.

Admission Requirements

- Online application
- Copy of passport
- High school diploma
- High school transcript
- Two letters of recommendation
- Vaccination record
- Medical report certifying the overall health status of the student
