**Title:**

The Importance of Mentoring Experiences for Underrepresented Students

**Abstract:**

Presentation title: The Importance of Mentoring Experiences for Underrepresented Students. This presentation will give the attendees an opportunity to understand the importance of having mentoring programs to give our underrepresented students an opportunity to grow academically, professionally, and personally. We will dive into the historical content, mentoring theories, definition, and impact that formal and informal mentoring offer students of color in particular our Latinx students. The presentation will touch on programming ideas as well as support system to our students.
