The Honorable Bobby Scott
Ranking Member
Committee on Education & Workforce
U.S. House of Representatives
2101 Rayburn House Office Building
Washington D.C. 20515

Dear Chairman Walberg and Ranking Member Scott:

We, the undersigned Hispanic-Serving Institutions (HSIs), emerging HSIs, and education partners, are deeply alarmed by the Administration's decision to abandon its defense of the HSI program in federal court, and abruptly announcing the defunding of all Minority-Serving Institution (MSI) programs. This unprecedented step threatens to dismantle a program Congress created to strengthen institutions that already serve high percentages of Latino students. The lawsuit, *State of Tennessee & Students for Fair Admissions v. U.S. Department of Education*, wrongly claims that the HSI program is unconstitutional. **In reality, it falls well within the authority of Congress to recognize and remedy racial disparities in education.**

Eliminating the HSI program would disproportionately harm Latino communities, but the damage would not stop there. These federal funds support a wide range of initiatives, including campus infrastructure projects, science labs, advising and curriculum development, that benefit all students attending HSIs. Stripping institutions of resources because they serve Latino students is unjust and legally unsound. The HSI program is not about preferential treatment; it is about equitable resource allocation to ensure all students have the opportunity to succeed. Without it, our ability to prepare the next generation of leaders, innovators, and workers will be severely undermined.

We urge you to:

- **Publicly sound the alarm about the Administration's refusal to defend the HSI program.**
- **Reaffirm congressional support for HSIs and the 5.6 million students served nationwide.**
- **Ensure continued protection and funding for the HSI program in the face of these attacks.**

Congress must act now. Without your leadership, the voices of students and communities served by HSIs will go unheard.

Respectfully,
